18 April 2000

Notice to Users of "The Local" Routes 11 and 12

Dear Passenger

"The Local" bus routes 11 (Paraparaumu Beach) and 12 (Riwai Street) are to be withdrawn. They will operate for the last time on Friday 28 April 2000.

These changes are being made as part of the first stage of a complete review of all Kapiti Coast bus services, which will see more frequent services operating seven days a week on a smaller number of simpler, easier-to-understand routes. Although some people will be inconvenienced, we hope that overall the new services will result in more people using the local bus service as the District grows.

Paraparaumu Beach

Paraparaumu Beach will, from Monday 1 May 2000, be served by two new routes, 71 and 72. These routes will serve most of the area served by the current routes 1, 2 and 11, and will be operated by low-floor buses.

New timetables and other information about these services will be in your letterbox in the last week in April.

Riwai Street

The Riwai Street service has been carrying very few passengers and therefore will not be replaced. On average, only 1 passenger has been carried on each trip in the last year.

Yours sincerely

Anthony Cross
Manager, Public Transport
