

Strawmen policy packages

15 June 2017 meeting

Strawmen policy packages – Part 2

29 June 2017 meeting

Draft policy packages

3 August 2017 meeting

Last time

A policy tool not currently in use

A current policy tool where there could be BIG change

- Exercises on the draft policy packages
- Focussed on who is affected
 - Urban land use: Electroplater
 - Urban infrastructure: WWL as asset manager
 - Rural: Lifestyle block owner
 - New development: Developer

However...

JULY 2017
50th ANNIVERSARY CALENDAR TABLE | www.CalendarTable.com

SUN	MON	TUE	WED	THU	FRI	SAT
25	26	27	28	29	30	1
2	3	4	5	6	7	8
9	10	11	12	13	14	15
16	17	18	19	20	21	22
23	24	25	26	27	28	29
30	31	1	2	3	4	5

Today

- Overview of draft policy packages
- Look at directions from you on how packages should come together
- Look deeper:
 - Urban regulation
 - Non-regulatory delivery – who's involved?
- Then, where to from here?

Let's recap

- We can use policy package diagram to ‘diagnose’:
 - Current policy settings
 - Your draft policy packages

Symbol	How much is the lever turned on?
	Absent
	Light
	Moderate
	Strong

* Identified as areas for further discussion

Directions from Committee to PT

- Break out exercise
 - List of directions developed from your earlier work

Proposal

1. PT works to develop up policy packages
 - Keeping it transparent and reporting back
 - Involvement for those interested?
2. Specific areas for more conversation:
 - Regulation in the urban environment
 - Coordinating non-regulatory actions
 - Allocation of discharges (urban and rural)
 - Water takes
